VA TO ACT ON VETS' PAY CRISIS

INVESTIGATION STARTS TODAY

By BOB BODEN

Initiating a new policy to clear up a backlog of 15,000 subsistence checks, the Veterans Administration yesterday dispatched E. J. McIntyre to San Jose State college to get things rolling.

Arriving on short notice, McIntyre was not able to contact all veterans on campus who have not received subsistence for summer session or October. Arrangements have been made by Loren G. Mowrey, area training officer, in cooperation with the college vet office in room 16, to accept reports of overdue subsistence all day today.

Forms will be available at the vet office and personnel will be on hand to answer questions concerning them.

McIntyre, of the San Francisco VA registration and research section, has consented to pick up any forms that are ready by 1:30 p.m. Forms completed at a

Miss Josephine Rose, of the campus vets office, states that 87 vets have dropped from college. A report from Registrar Joe West's office states that no tabulation of reasons for dropping has been made.

later hour tomorrow will be mailed to the regional office.

In order to expedite preparation of reports, Mowrey points out that every vet should come prepared with C-number, present address, and the date of his letter of award firmly in mind.

It was intimated by McIntyre that this will be the beginning of a monthly service designed to hurry overdue checks on their way.

The regional office of VA is doing everything possible to get out the check backlog, which appeared suddenly last month, McIntyre said. He went on to point out that 99 per cent of the awards have been cleared through the registration section and the bottleneck is in finance.

He indicated that VA personnel has been shifted to greatly increase the staff of finance.

HARRIERS OPEN WITH VICTORY OVER SFJC RAMS

Coach Bud Winter's San Jose State college cross country team opened its season yesterday at Spartan Stadium by defeating the San Francisco JC Rams, 20 to 35.

Merle Knox of San Jose State captured first place, running the three and one-tenth miles course in 17:59.3.

Finishing second and third behind Knox were Murray Collins and Thelno Knowles of San Jose State.

Jeff Dodson and Seward Chapman of the Rams came in fourth and fifth respectively.

The other runners finishing, in order of their appearance, were: Purdy, San Jose, sixth; G. Miller, SFJC, seventh; Moxley, San Jose, eighth; N. Miller, SFJC, ninth; and Seymore, San Jose, tenth.

MARK HOPKINS BAND TO AID CHAPEL CAUSE

One thousand dollars of musical entertainment in the person of Ray Hackett and his Mark Hopkins hotel orchestra will be on hand for the Memorial Chapel Benefit Ball to be held in San Jose's Civic auditorium, Saturday evening.

Jack Marcipan, Maryhelen Gamble and Ann Mayren, co-chairmen of the event report that Hackett has reduced his usual \$1,000 fee to \$500 to aid the dressy affair planned to boost the Memorial Chapel Fund.

Due to the current delay in the awarding of veterans checks it has been announced that student veterans may purchase bids to the dance on credit at the ticket booths located in the library arch.

It has been estimated by those in charge of the ball that one dollar out of each of the bids selling for \$2.40 will go to the Chapel Fund.

SPARTANS DUMP STANFORD, 10-7, IN LOCAL POOL

San Jose State's water polo team looked terrific as they walloped the Stanford Indians last night in the local pool, 10-7.

This was the Spartans' second victory of the season over the present PCC leaders. State very definitely looked like one of the greatest teams in the history of the school, as well as being one of the best on the coast this year.

The Spartans led the Indians, 7-1, at the half. However, Stanford tied up the score in the fourth quarter before State could get back in the scoring column.

Ed Rudlof topped the scoring for San Jose with five goals. Howard Ruweler, Otis Keeler, and Dick Bartels played outstandingly for the locals. Tudor Bogart, Gene Foley, and Dave Thompson also played a splendid game for the Gold and White.

San Jose's freshmen met defeat in the preliminary contest at the hands of Sequoia High, 10-6. Bob Santos led the scoring for the Spartlets with two. Kidder, Daly, Hofman, and Scofield each threw one in the net to boost San Jose's score to six.

Coach Charley Walker will now concentrate all his attention on preparing his men for the PAA meet in San Francisco next week.

ASB COURT CITES VIOLATIONS

Seventy-five organizations have violated Article V, Section 4 of the Student Body Constitution By-laws, states Jocelyn Capp, senior justice of the Student Court.

Article V, Section 4 reads in part: "In order to retain their status as recognized organizations, all organizations shall be required to present revised lists of their members and faculty advisors to the Student Council once each year. These names, together with the student body card numbers of each, must be submitted by the last day of October. Any organization which fails to comply shall be cited to appear before the Student Court to show cause why its status as a recognized organization should not be revoked."

TIME LIMIT EXTENDED

The Student Court, realizing that many groups were disorganized and were unable to comply with this edict, stretched the time limit. Now, reveals Miss Capp, the court has decided that unless the following groups comply with instructions they will lose their privileges as campus organizations.

Organizations that do not have a copy of their constitution, lists of members with ASB card numbers, or lists of faculty advisors include: Alpha Gamma, Engineering Society, Epsilon Pi Tau, Geology Club, Gamma Gamma Gamma, Iota Delta Pi, Key Club, Phi Epsilon Kappa, Sigma Kappa Alpha, Spartan Club.

NO CONSTITUTIONS

Bibliophiles, the Class of 1948 (Seniors), and the Radio Club do not have constitutions on file.

All material should be placed in the "S" box in the Coop building. (Continued on Page 4)

MEETING CALLED

Rally committee members are urged to attend an important meeting this evening at 7:00 p.m. in the Student Union to discuss the plans for the Fresno game and rally, according to Betty Louthan, Rally committee chairman.

"Tickets for the bus trip to Fresno on Thanksgiving day, priced at \$4.25, may be obtained at the Business office," said Dick Knox and Sal Millan, trip chairmen.

"A rally of greater proportions than before will be planned by the Rally committee," says Betty. Al Raffaelli, card stunt chairman, will prepare a series of card stunts for the game. Approximately 1700 seats have been set aside for San Jose State, according to a report by Keith Stanton, Rally committee member.

FLU SHOTS TODAY

There will be influenza shots given today for ASB card holders at the Health office between 11:30 and 1 o'clock.

ASB card holders may take an influenza shot for 50 cents each.

SAPPHO SEEKS COUNCIL OKAY FOR NATIONAL TIE

When the Sappho society of San Jose State college faces the Student Council Monday, it will be the case of the second oldest sorority on campus seeking affiliation with one of the oldest national organizations.

With the reading of the national constitution, Sappho is making preparations to join the Kappa Alpha Theta national women's organization. This is the first campus women's social group to attain national affiliation.

Founded as a literary society in 1898, Sappho has pledged over 900 San Jose State college women during the course of 50 years.

Sappho will be the 73rd chapter to affiliate with Kappa Alpha Theta. Other California chapters include UCLA, University of California, and USC.

Miss Edith Graves of the Business office and Mrs. Lillian Gray of the Education office will be pledged as new honorary members. Miss Bernice Tompkins, social science instructor, is also a member of the national organization.

Carol Riley, University of Nevada, and Jo Ann Carswell, Washburn College, Kansas, will be initiated into the local chapter. Both girls are now attending San Jose State college and are members of the national organization.

Kappa Alpha Theta was founded in 1870 at De Pauw university. This was the first women's fraternity to be organized on the same basis as that of men.

FIRST NIGHTERS VOICE APPROVAL OF ONE-ACT PLAYS

By BEA DOOLEY

A group of amiable first nighters greeted the opening presentation of three well-acted and completely different one-act plays in the informal Studio Theater last night.

Gwen Samuelson and Joseph Rabinowitz, leading characters in "The Monkey's Paw," gave excellent performances in the dramatic and emotional parts of two persons in an ironic, tragic situation. They were well supported by the other actors in this violent-ending play.

"The Dear Departed" lifted the audience from the deep mood created by the first play into one of laughter. This surprise-ending play had a cast of characters well suited to their parts. "Dear Father," Charles Bodwell, provided the punch line before the curtain fell.

Comedy, a touch of tragedy, and plain, everyday life was provided in the part-pantomime play, "The Happy Journey from Trenton to Camden." Riza Ellis couldn't have been better in her role of talkative, good-hearted Ma Kirby.

JUDGE WILL HEAR REID PLEA TODAY

Bob Reid, former Spartan student and head baton tosser, will go into Justice of the Peace Barry McDermott's Stockton courtroom today stoutly reaffirming his innocence of the charge of flying too low over a congested area.

Reid and another San Josean, Dilmas M. Rossberg, were arrested October 31 after a mock "air raid" over the College of Pacific campus during which the two dropped several thousand "propaganda" leaflets as a build-up stunt for the College of Pacific-San Jose State college football game.

At the preliminary hearing last week, both Reid and Rossberg pled not guilty to the charge of violating the State Aeronautics Act by flying over a congested area at an altitude of less than 1000 feet. Maximum penalty for violation of this act is \$1000 and six months in jail. Reid has stated that he will not be represented by an attorney, but will plead his own case, since the main point of controversy is whether or not the COP campus is a congested area.

Just prior to the incident Reid withdrew from San Jose State in order to work full-time toward getting his commercial flying license. He plans to re-enter school within a year and a half.

SJSC HOST TO IRC DELEGATES

More than 80 student delegates from 15 colleges will discuss the world's problems at the 1947 International Relations conference tomorrow and Saturday at San Jose State college, according to Jack Gregory, president of the local IR group.

Speakers include Dr. Eugene Staley and Mrs. Lillian Parker. Dr. Staley, who is a member of the World Affairs Council of Northern California, will discuss "What A Student Can Do About International Affairs."

Mrs. Parker will discuss the purpose of the Carnegie Endowment for International Peace of which she is secretary.

There will be two student moderators and two rapporteurs from this school. Moderators are Bill Swasey and William Shepherd. Paul Hunter and Mrs. Dorothy Smith will act as rapporteurs.

All arrangements have been completed for the conference, and the price is set at \$4.00 for the visiting delegation and \$2.75 for the local students.

Dr. T. W. MacQuarrie will make an address of welcome. The conference will wind up with a noon-day banquet Saturday and summarization of panel discussions.

Spartan students are invited to listen in on the panel discussions. The rooms will be announced in tomorrow's paper.

HAVE YOU HEARD

By BEA DOOLEY

Alex Mena, sophomore from Spartan Village, became the father of an 8 pound 2 ounce boy on November 4.

Alex and his wife, Mary, have named their first born, Mark.

Jeanne Collins, sophomore education major, has announced her engagement to Don Carroll.

Jeanne is a member of Ero Sophian society. Don, who formerly was a commerce major here, now is employed locally.

The couple will marry this summer.

Fraternity friends of Dick Thorn of Palo Alto were informed of his engagement to Vonnle Hughes, also of Palo Alto, at a recent Chi Delta Phi meeting.

Date for the wedding is indefinite.

Another couple who recently joined the betrothal ranks are Elma Evans, sophomore commercial major, and J. L. Bittle, freshman business administration major.

Announcement of the engagement was made at a buffet supper at Elma's home in Los Gatos.

The couple plans a June wedding.

Lullaby music may be heard from the home of Dr. Bert M. Morris, chemistry instructor, whose wife, Elizabeth, presented him with a baby boy Friday.

Little David John weighed 6 pounds 4 ounces at birth.

June Graduate Ardeen Wilson revealed her engagement to Jack Giham of San Francisco at a buffet supper at her home in Santa Clara. Ardeen was affiliated with Beta Gamma Phi society. Jack, who formerly attended here, is employed in San Francisco.

A January wedding is being planned by the couple.

A June wedding will unite Marcella Brokofsky, 1947 graduate, and Thomas G. Eddy, a student here, it was announced at a luncheon of the Black Masque society.

Marcella was a member in Allenian society, Kappa Delta Pi, honorary education society, and Black Masque. She is teaching in Elk Grove, Calif.

Tom is affiliated with Delta Sigma Gama.

The Wayfarer Chapel in Carmel was the setting for the double ring ceremony which united Ada Gardner, former manager of the Spartan Fountain, and John F. McEwen of Oakland.

Ada is a graduate of San Jose State college.

Wanted: One Wood Pewee

Even the best of us can err, Lowell Scott, biology major and part-time assistant in the Science building, was muttering today.

Lowell was arranging a window display of stuffed birds in the upper corridor of the Science shack and when he got to No. 6 he became fouled up and put a plain titmouse in the spot which called for a Western wood pewee.

Hecklers spotted the mistake and the bird was removed, but no one could find a Western wood pewee to fill the spot. A Barn owl majestically holds the highest spot flanked by a screech owl and red shafted Flicker, but the pewee is still missing!

SAE: Waiter, bring me a glass of tomato juice for a pickup.

Waiter: Yes, sir, and what will you have for yourself?

—Sagebrush, University of Nevada.

Ecologists Travel From Ex to Uvas

Dazed students slowly groped their way out of Dr. James P. Heath's General Ecology class last week and collapsed in the upper corridor of the Science building.

"Man what a mid-term", gasped a student.

"Now we are going to some place called Nelson's stables in the Uvas Valley for a field trip," a brunette sweater girl groaned. "That man just hasn't got a heart."

Dr. Heath appeared at this point and explained that the Uvas Valley located in the southern part of Santa Clara County is a good example of an Upper Sonoran life zone.

"Santa Clara valley is the same type of zone, but things here are too tame and civilized for future ecologists," he said.

Just A Corner To Call My Own

A weary, stoop-shouldered, dejected looking man approached the music office with defeat in his eyes and heard the question, "Have you found a place yet?" A regrettable "no" answered the inquisitor.

Fire flared in his eyes. He'd take the matter into his own hands. First he glared around cautiously, then picked up his little box and quietly, ever so quietly so as not to attract attention slipped out of the office.

Down the hall he went, gripping all the while his little black box. He'd find a place yet.

Ah, a spot was sighted. A corner in a forgotten hall. No one was around. Now was his chance.

With labored effort he took from his pocket a candle, lit it, and put it near-by. Then he placed before him, propped up by books, several curious looking sheets of paper with many odd characters on them.

Then with a smug look he reached over, opened his black box, took from it a violin, and assuming the cross-legged position of an Indian chief, he prepared to play.

Ah! Sweet strains of music infiltrated through the hall from the darkened corner where he sat. They were happy, gay tunes.

The music major at last had found a place where he could practice!

Editor May Initiate Daily Dish Chatter

Hugh Wilson, editor of Spartan Daily, recently received the following communique.

"Dear Editor,
"We are happy to send you herewith a new booklet which we have just compiled of our "Favorite Recipes" for cakes, pies, and fried foods.

"We hope that you will find these recipes of great interest to you and your readers.

"We welcome your comments and trust you will feel free to call upon us for any special service within our scope."

Editor Wilson has purchased the latest thing in aprons and is prepared to preside at the Kitchen Kapers meeting to discuss the daily dish, if enough readers are interested.

Wilson also said he is willing to exchange recipes.

Binocs Hears Fate Of Fellow Feline

Dr. William Graf, zoology laboratory instructor, was reminiscing the other day at the counter of the biology storeroom, when "Binocs" the biology kitten sauntered by.

"That reminds me of a lab assistant I once worked with," the instructor said. "The class was killing and preserving cats for lab work, and we had a kitten left over."

According to Dr. Graf, somebody killed and preserved this sole survivor, and then some cad slipped it into a young lady's purse.

"Before leaving lab, she opened her purse and looked inside, but like most women she carried a young trunk, and she didn't see the cat," the zoology man stated.

Later at a cove bar she reached into the fore-mentioned "foot-locker" and hauled out the dead cat.

At this point "Binocs" hopped off the counter and headed for the milk bowl.

"Go on with you, Doc, your stories just make me hungry," the feline muttered over its shoulder.

ON THE SPORTS TRAIL

By TOM ROWEN

Look out for the Spartan basketball team. Walt McPherson is going to have a terrific club this year.

Returning lettermen include Bob Hagen, Bob Wuesthoff, Chuck Hughes, Junior Morgan, and Stu Inman.

Other players from last year's second place CCAA team are Ralph Romero, Ron Staley, Pete Denevi, and Jim Cruze.

McPherson will miss Hughes, Morgan, and Denevi until the football season closes. Hughes was selected All-Conference center last season.

Prominent newcomers include Red Kane, Swift Wunker, and Tony Janovich. Kane played for Oregon State in 1945. Wunker hails from University of Indiana. Janovich is from Mountain View and is also quite a baseball player.

Football players who will join the casaba outfit are Art Allen and George Keene. Keene played some in 1945 but left to join the Army. Allen is another former Modesto JC player.

Chuck Storey figured in McPherson's plans but a knee injured in the San Diego State game has put Storey out of action for the rest of the year. He recently had an operation on his knee and will not be back on his feet until next month.

A SURE TIP

Take all the bets on Stanford against California, provided you can get 19 points.

The sucker money is riding high on the Golden Bears in the Big Game to beat the Indians by a large score.

Stanford will lose but Pappy Waldorf's crew is going to know they have been in a ball game.

Marchy Schwartz is bringing Stanford along and they are laying for Cal.

ALL-COAST SELECTIONS

When it comes time for the big shots to select players for All-Coast potitions, we hope they don't forget Bob Pifferini, Billy Parton, and Jim Jackson.

Rapid Robert is one of the greatest athletes Washington Square is going to see in a long time. He has played some terrific football this year and should be high in the All-Coast selections.

Parton and Jackson, two former Torrance high school stars, rate with the best. Parton has played outstanding football in every game. He has made brilliant, runs and has done everything that a back should do.

Maybe the critics will say Jackson has made a lot of mistakes and maybe he isn't the passer or punter that Eddie LeBaron is, but Jim will do for our money.

FATHER AND SONS

The Spartan's wrestling coach is named Ted Mumby. The Stanford wrestling team has a Mumby and the California wrestling squad has a Mumby.

CALPOLY NEXT

INJURY PLAGUED SPARTANS PREP FOR MUSTANG GAME

By TOM ROWEN

Although Friday night is an open date for the Spartan football team, there is little joy in the football camp today. The Gold and White pigskin machine is fairly well crippled up.

Coach Bill Hubbard put the gridders back to work yesterday on the South Seventh street practice greensward and another session is on tap this afternoon, weather permitting. The board of strategy will start regular drills for the CalPoly game Monday afternoon.

San Jose lost the services of Jack Lercari, guard, in the Brigham Young university tilt. An examination revealed that the one-time backfield ace suffered a broken bone in his left leg just below the knee. He will be out for the remainder of the season.

GUARDS INJURED

This was a bad break for Lercari. He made the trip to the Hawaiian Islands in 1941. He stayed over there when the club was stranded because of Pearl Harbor. Jack returned to school this fall and was pointing for the trip again this season. He wanted to show his teammates still over in the land of "Aloha Oe" that he could make a comeback. However, there will be no ocean voyage this year for Lercari.

Hubbard will have to switch some new players to the left guard position because the other guards also are experiencing knee trouble. Joe Juliano, Jack Kakuuchi, and Vico Bondietti all have weak knees. Bondietti is needed for his place kicking ability. Juliano and Kakuuchi represent a lot of power in the San Jose forward wall.

PERRY TO GUARD?

Of course there is the possibility the Spartan headman may move Bill Perry into the line to strengthen the guard position. Perry, number two quarterback in Hubbard's system, played in the line last season and turned in a creditable performance.

Bob Mandemaker and Chuck Storey, tackles who were injured in the foggy San Diego State college game in the southland, probably will not be back this season. Storey had his knee operated on recently and is even being counted out of Coach Walt McPherson's basketball plans for the coming season.

The journalism prof dreamed he was lecturing to his class and he woke up and found that he was. — The Sagebrush, University of Nevada.

Get Ready For The Trot, Men

By BOYD SCHULTZ

Time is fleeting men. Only 34 more shopping days until Christmas. Only 12 more days until the annual Turkey Trot!

The three-mile marathon will be held November 25. It's a race designed to try the souls of mortal Spartans. Intestinal fortitude, well oiled lungs, and conditioned legs are prime requirements.

Members of the cross country team will be on hand—shooting for a new Turkey Trot record and first prize. First prize will be a gastronomic gobble of gargantuan goodness. The course record is 16:25.3, set last year by Eugene Haynes. Haynes ambles over this three mile course as easily as the average man expends himself going to the corner drug store for the Sunday funnies.

But don't let this frighten you men. Coach Bud Winter and a board of experts will map out a handicap system so that all entries will have a fair crack at the tantalizing Tom.

Coach Winter expressed a desire to see all fraternities enter contestants.

"If there are enough entries from frats, we will award a special prize to the fraternity whose entry crosses the finish line first," he said.

Now is the time to prepare men. Condition is the all-important factor. See Coach Winter today and start gunning for your free Thanksgiving feast. Remember the event is open to all men on campus. The gobble hobble is a growing institution on Washington Square. Let's make this the biggest yet.

HERE'S THE DEAL

By BARNEY BARNETT

As we glance over the calendar we notice that the CCAA campaign has about ended for the Spartan phalanx. The Cal Poly Mustangs and the Fresno State Bulldogs remaining the only conference foes yet to be encountered.

The Mustangs have shown little offensive strength during the current season. Even Coach Bill Hubbard must admit that the Spartans have little to fear on their San Luis Obispo invasion. The Fresno Bulldogs seem to have lost their bite this year. They have had the raisins knocked out of them by Santa Clara, Oklahoma City and the University of New Mexico among others. They are equipped to give the Spartans some trouble but a San Jose victory seems almost a certainty.

All of which brings us to the main point of today's thesis. The 1947 Spartans should close the mainland season with an eight won and two lost record. On the surface it is a good enough record but one that will not bear closer scrutiny. The

question being did the Spartans this year muff their chance to move into the big time?

Three games on the 1947 schedule can be classed as really important games. Had San Jose managed to beat either USF or COP our chances of moving into the upper bracket of gridiron

"GAY 90s" DATE SET

Date for the Gay Nineties review sponsored by the Freshman class has been changed to Tuesday, November 25, announces Bill Yates, chairman for the event.

The review will be staged in the Morris Dailey auditorium beginning at 8 p.m.

Purpose of the review is to raise the necessary expenses for sponsoring a twelve-man freshman boxing team in the Novice tournament which begins December 1.

The program will consist of a one-act play and a series of variety acts.

Admission is 30 cents to student body card holders and 40 cents to those without cards.

Here's The Deal

(Continued from Page 3)
competition would have been much more enhanced. As it is the victory over Hardin-Simmons stands out as the high point of the season. It is readily seen that San Jose will do little to increase their prestige with wins over the likes of Cal Poly and Puget Sound.

that place, he would restore my faith in humanity and save me from flunking the course.

—Jim Toland.
